

UNDERSTANDING AND IMPLEMENTING THE NEW PASTORAL CARE CODE

Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021

This workshop

This interactive workshop will increase your understandings of the new Pastoral Care Code legislation for domestic and international learners.

The workshop will address planning, implementation, monitoring, evaluating and continuously improving your organisations response and compliance with the Code.

Resources and frameworks will be provided to support your organisational response to the new Code.

Learn also how you can record information in ways that will support you to utilise learning analytics to track and progressively improve your Pastoral Care and Support systems.

Support higher levels of student retention and achievement in your organisation overtime.
